Drowning Fatality At Baintree

While swimming on Saturday afternoon in the irrigation canal, near Baintree, near Langdon, the accident happened about five p.m. Mr. Thornton, two girls and one boy were in the water with Mrs. Craven, and gave the alarm, but when the body was taken out life was extinct. The canal at this point deepens rapidly towards the centre, and the theory is that the deceased lady had been drawn under by the current, or had taken calcium, where the funeral took place on Monday.

Her husband was talking with a party of men about 200 yards away, when the fatality occurred. Mrs. Craven and the others of her party dived into the ditch several times in an effort to locate the body, but the attempts proved futile. Grappling hooks were secured and it was an hour before the body of Mrs. Craven was brought from the water, and Dr. Devoan, summoned from Rockford, pronounced life extinct.

Mr. and Mrs. Craven resided while in Calgary at 240 Thirty-first avenue northwest, with Mrs. Craven's parents, Mr. and Mrs. G. W. Buchanan. Mrs. Craven leaves three sisters, Mrs. J. W. Oldham and Mrs. B. P. McEwen, of Oldham, and Mrs. R. H. Helms, of Memphis, Tenn., and two brothers, W. B. Buchanan, of Pentecost, B.C., and W. H. Buchanan, of Seattle, Wash.

The news of Mrs. Craven's death was received with consternation in the district. She and her husband had been with Mr. Porteous for some months past. She had taken an active interest in local affairs, and had a fine personality. Much sympathy is expressed with the husband in his sudden bereavement.

By Percival E. Rowe, of the C.P.R. Department of Colonization and Immigration, Montreal, arrived in Strathmore Wednesday, where arrangements have been made there to give the boys a month's instruction in practical Canadian farming methods, on the C.P.R. experimental farms.

These boys, whose ages average fifteen years, are members of the Kirkford, Kingsclere and Henyock Cattle Clubs of Great Britain, and they were selected by the ministry of agriculture as the most representative of the young farmers of Great Britain to make this trip.

Previous to their arrival in Strathmore, on Wednesday, the boys had visited the Central Experimental Farm at Ottawa, the Macdonald College and the Ontario Agricultural College at Guelph, the Manitoba Agricultural College at Winnipeg, and the experimental farm at Brandon, Man.

After the boys complete their training at Strathmore, they will be given a holiday in the form of a trip through the Rockies.

Volunteer Rye Crop is Heavy

Hired Help Said It Was Too Heavy—Quit.

When Mr. N. Hanner, who has been for a number of years farming near Nightingale, rented the Strathmore Farm Co.'s place six miles east of Strathmore, he expected that he would have a summer's summerfallow work to do, and no harvesting, with the exception of 160 acres of oats. However, helped by the copious rains of spring, a volunteer rye crop came up on three hundred acres.

Mr. Hanner started cutting this on July 25, and has been busy on it ever since, with the exception of Monday, of last week, which was wet.

The crop is heavy, so much so that 2 men who he engaged quit, as they said the stocks were so heavy that one man could not lift a stock without help. However, since then he has got help, and the work is proceeding. He expects the yield to be between 25 and 35 bushels to the acre, though not having seen a crop he can only guess at the exact acreage.

Miss May Orr, of Toronto, who has been visiting her uncle, Grant Craig, has left for Calgary for a couple of weeks before returning to college.

Mr. and Mrs. W. J. Miller and Mr. and Mrs. Tom Douglas are on their way home after their auto trip through the mountains to the coast.

Grant Craig is home again after an auto trip over the National Elevators in the North Country.

Mr. and Mrs. Torgimsson and children are home again after a month's holiday in the States.

Mr. and Mrs. John McLean are leaving this week for a trip north to Mr. McLean's home near Camrose.

Gordon McKenzie left Thursday for Perinot, Alberta, to run the Bow Elevator at that point.

Jimmy Halliday is holidaying at the coast. He is being relieved at the depot by Mr. McElnnis.

Mrs. Morse (nee Fortie Parley) is at present visiting with her aunt, Mrs. Kirtin.

Kills Himself With Shotgun

Suicide North of Cheadale

On Saturday afternoon E. Derwater, a farm hand, committed suicide on the farm of J. E. de Kort, north-west quarter section 34-24-25, north of Cheadale. Deceased, who had been in the district since spring, had been in Calgary for a month, returning to the farm on Friday. Mr. de Kort did not see him on Friday. Mr. de Kort did not see him on Friday. Mr. de Kort did not see him on Friday.

It is estimated that there was an attendance of over fifteen hundred people, many being from Strathmore, Calgary, and adjacent points.

The stock exhibit was a very good one. R. A. Allan, J. Harrold, and Geo. Depon took most of the prize in the Clydesdale, Percheron, and other horse classes with fine specimens of the respective breeds.

In the Shorthorn cattle classes R. Dye and R. A. Allan divided the prize money, while E. R. Hieley had it all his own way in the Herefords, and Gosling's Hoteliers monopolized the Holsteins, as did H. H. Moore in the Ayrshires.

Competition was more even in the grade cattle classes.

J. Copeland made a clean sweep up all the sheep classes, with some beautiful purebred entries.

In the swine classes the principal winners were Washburn, Phillips, and Dye. There was a good poultry exhibit.

Despite the earliness of the season, there were a good number of entries in the grain classes, forshowing the good crops in the Langdon district. Vegetables were also a good indication of the fertility of the soil.

The dairy produce and fancy work classes were naturally largely in the hands of local competitors, and they made a fine showing in the new building which has been erected on the grounds to house these classes.

The school work classes showed some hot competition, and very good work on the part of the juveniles.

The Race Programme

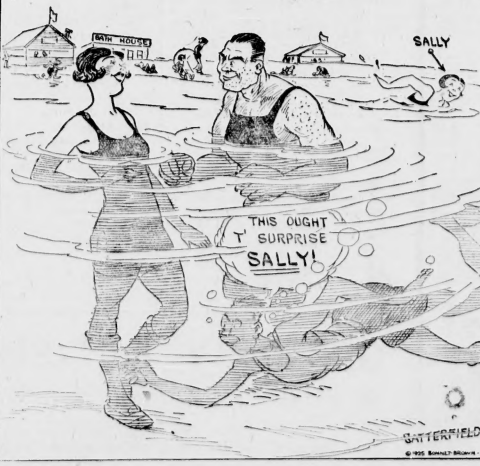

All the racing events were well contested, and some close finishes stirred the blood of the spectators. Little Kathleen Martin was again prominent and "Toots" Davis won in several races.

Following were the winners:

Stomped Events

Some good bucking was exhibited in the stampered part of the day's doing.

LANGDON NOTES

Emil Lacombe, who recently had an operation for appendicitis, is at home again.

Miss Margery Shaw, of Pincher Creek, is visiting her friend, Miss Hazel Scott.

Mrs. A. McConnell, of Chase, B.C., is at the home of her sister, Mrs. A. J. Studd.

D. E. Webb and Mrs. Webb are holding a ball for a week.

Fish stories will be more numerous than usual when Edward Winslow and A. Howard come back from their trip near Glenora.

H. L. Griffin is nursing a very sore back, as the result of a "stinger" he received while harvesting on Friday. Richard came home from Banff Saturday.

Eighth Crop Report

Issued by Department of Agriculture, Government of Alberta, Edmonton, August 1, 1925.

Pacing the disappointing prospect of harvesting a greatly reduced crop from the last year, anticipated, as a result of the ravaging effects of wind and great heat, farmers of Southern Alberta are commencing the cutting of their wheat.

Leaving the wheat, cutting operations over all of the southern part of the province will be general within the next week, and in the balance of the province about August 10, which will be from ten days to two weeks earlier than last year. Limited quantities of grain already threshed out last indications of the past three weeks that yields will be light over large areas in the south. Some samples have shown unusual shrinkage in stock.

Since last report rains varying in extent have fallen in many districts of the province. These rains came to late to save much of the crop effected by drought in the south-eastern district, but in other districts where the damage done to grain was not so irretrievable, the rains have had the effect of filling out the grain in better degree and to benefit from the late rains, reports indicate the yields will vary from 12 to 25 bushels, with some fields touching 20. It is in the wheat-growing areas, however, that the greatest damage has been done by the periods of drought, and this will be responsible for reducing the total yield in the province.

The south-east district will experience the lightest yields. The east district, however, as far as the northern line of the Canadian National Railway at Vermilion, is very patchy. Plains along the Goose Lake line report very favourable conditions, and expect a good crop. Other sections of the east central territory report only fair to average conditions.

In the south-western district, fairly good crops are anticipated, much heavier in many parts than last year, but suffering decreased yield as a result of drought. As an example of the damage done even in the best districts by the drought, the statement is quoted from a farmer in the St. Albert district, who states that the effect of the drought was a loss of ten bushels an acre with the result that the corn crop they anticipated in his district would be cut to thirty. He states that to drivers along the road the crop look well, but a close inspection reveals the damage done. Rains which come now are too late to help the fast ripening crops.

CAUTION
Many people who should advertise and not demand one of the G. O. crops, cracker.

Harvested, he sat on the steps of his tumble-down shack, smoking a corned pipe.

A stranger stopped for a drink of water. Wishing to be agreeable, he said, "How is your cotton coming on?"

"Ain't got none," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nope," said the cracker; "I ain't got nothin' to plant any?" asked the stranger.

"Nope," said the stranger, "how is your corn?"

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

"Nothin' to plant any," said the cracker. "Nothin' to plant any?" asked the stranger.

Social-Personal

Mr. and Mrs. D. McCulloch and Mr. Lloyd, of Halifax, Nova Scotia, visited Strathmore Thursday. Mr. Lloyd is an octogenarian, but is still strong and hearty. Mr. McCulloch is one of the original inhabitants of Strathmore, having been the first representative of the R.N.W.M.P. Retiring from the police after twenty-one years' service, he was for a time in the Macmillan business here.

Mr. and Mrs. Pavy, of Radston, Cornwall, England, and Mr. and Mrs. Wattle Kent, of Radston, Sask., have been visiting at the home of Mr. and Mrs. John Kent.

Mr. and Mrs. F. J. Koch entertained a few friends to a 6 o'clock dinner Sunday, in honor of Mr. and Mrs. O. A. Hicks. The out of town guests were Mr. and Mrs. Carlson and children and Mr. Gustave of Calgary.

Mr. and Mrs. A. S. Hale and family arrived on Sunday from Portland, Oregon, where Mrs. Hale had been taken ill with appendicitis while on holiday.

Mrs. Steve and family and family arrived back from Pine Lake last week after an enjoyable week's holiday.

Mr. A. D. Shrimpton arrived back at the weekend after a few days holiday in St. John's, Nfld. He reports that crops are very good in the St. John's district.

Miss Margaret Knuyt had her tonsils successfully removed at Calgary Hospital last Tuesday.

Mrs. E. E. Zerkle received the sad news last Saturday of the death of her mother, who was 83 years of age. Mrs. Zerkle spent four months last winter helping to care for her mother, as she has been an invalid for over a year.

SUBJECTION OF WEEDS
In a statement on "Effective Methods of Controlling Weeds" Mr. E. S. Hopkins, Dominion Field Husbandman, brings out three salient and important points. The first is that the most effective method of controlling weeds is through and frequent cultivation of the land. The second is that the basic principle in killing weeds which have underground roots is to prevent their sending up top or above-ground growth, and the third, the longer the delay in subduing the weeds the greater the amount of work that will be required to get them out of the field. It is important to use all the time that can be spared to pull weeds and grasses.

LOCAL NOTINGS

Mr. C. H. Giffen, writing from Leithbridge, states that crops in Southern Alberta are better this year than last. The Leithbridge Northern has a good crop this year, the farmers having taken hold of irrigation remarkably well, and he states that all indications point to the future success of the irrigation district.

Mr. A. H. Haines writes to us that he and Mrs. Haines have been granted a divorce in the courts of the State of Montana. He states that he is now in business in Rosemont, Montana, and that the crops throughout the Gallatin Valley are excellent.

The G.W.V.A. are at present putting in the concrete foundation for the Memorial Statue. The foundation will be several feet deep. The stone is at present being shipped at Calgary by the Somerville Company.

Messrs Gatenby and Fisher are putting on a special sale to finalize their debt to Strathmore. See their page advt. for particulars.

CARD OF THANKS

Mr. and Mrs. Andrew L. Black and family, of Irricana, wish to express their gratitude to their many friends and neighbors for their kindness and sympathy shown to them during their recent bereavement in the death of their son and brother, Alex Black, and also for the many beautiful floral tributes.

TENDERS FOR SCHOOL HOUSE

Sealed Tenders will be received by the Board of Trustees of The Cheadle Platters School District, No. 2516, at the office of the Secretary-Treasurer up to noon August 19th for the erection of a one-room frame school building after Plan Number A.1. Plans and specifications may be obtained from Secretary-Treasurer on payment of \$5.00. Plans must be returned within 24 hours, and deposit will then be refunded. A marked cheque for five per cent. of the amount of tender should be enclosed with each tender as a guarantee that same is bona fide. The lowest or any tender will not necessarily be accepted.

FRANK AUBREY,
Secretary-Treasurer

OF LOCAL INTEREST
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard, Phone 17 or 68.

It is stated that a vote will be taken in Langdon shortly under the new Option clause of the Alberta Liquor Act, as to whether Langdon is to have a beer parlour. At the present time Langdon is without one of those oases, but someone is proposing to install one, and there is some opposition, hence the vote.

A baseball tournament was held in Glendon on Friday last, the teams being Glendon, Bassano, Arrowwood, and Meadowbrook. Eddo Crevin pitched for Meadowbrook against Arrowwood, and although Meadowbrook won by the odd run in a 3-2 score, the game had to go two extra innings to determine the winner.

Strathmore G.W.V.A. held a smoker last night, the guests being those who had actively assisted in the carrying through of the Stampede and the building of the corral.

Delemed

A steady procession of new cars have made their way into the district, right along, showing that the farmers want the better things too. Chic, Caldwell has purchased a new Overland, while the Bruns and Licentras have new Fords, "the old reliable" car.

An old timers' picnic was held on the L. K. ranch last Saturday afternoon, with about fifty people attending. We were not amongst those present, but from reports, all of them had a real time of it. A baby show was one of the outstanding features of the day.

There are still some people here and there spending their spare time, not only knocking the pooling system, but an enumerable list of other things. The funny side of it though, in most cases, "they've not even lasted the pudding".

Here Storey has been visiting her parents in town this last week.

The Junior U.F.A. held their meeting on August 1st, when Mrs. H. Portney gave the girls a flower making demonstration, while Rev. Johnson, of Carleton, who was to have spoken to the boys, had some serious car trouble on the road and arrived near the close of the meeting. He has, however, been invited to speak to all the local next month.

"THE TEN COMMANDMENTS" BROKE LONG RUN RECORDS

The picture which broke all long run records at road show prices is coming to the Memorial Hall next week, when Cecil B. DeMille's production of "The Ten Commandments" opens a three days engagement there. Playing the "wonders" in New York City, it broke the record of 59 weeks which had been held by the "Covered Wagon", remaining at capacity business for 62 consecutive weeks. "The Birth of a Nation" was only able to last 41 weeks on Broadway, while "Way Back East" and "The Four Horsemen" and "The Thief of Bagdad" held for a lesser period. About five million people have seen this remarkable picture since it was first shown in two dollar seats.

In Los Angeles it held up for 31 weeks, Chicago and Philadelphia 20, Boston 14, San Francisco and Cleveland 8; while in Detroit, Washington and Cincinnati it stayed 6 weeks. Sydney, Australia, played host to it for 30 weeks as did Melbourne; while Paris and Auckland, New Zealand, greeted it enthusiastically for 10 weeks. Reno, as impervious as it was at the time, played the picture for 4 weeks, with the best seats selling at five dollars each.

Hon. Geo. Hoadley to Speak at Nightingale

Serviceberry District Association, U.F.A. and U.F.W.A., will hold its August meeting next Saturday, August 8th, at Nightingale, beginning at 10 o'clock in the morning. Basket lunches will be brought as usual. The first-class meals are entertaining and they are doing it at Nightingale because the hall there is the most available place for them, Ardena having no hall.

Hon. Geo. Hoadley, minister of agriculture, has promised to be on hand to talk to the people that attend, provided he is not unavoidably detained on account of the session of the legislature.

Reeve Scratch, of Keoma Municipality, will make a report on the annual meeting of the Wheat Pool, which opened in Calgary on Wednesday of this week. Mr. Scratch is the delegate from Sub-district No. C 8.

Garseland

We heard someone say the other day that the Canadian U.F.A. comes to the duty a year in order to hold a annual picnic, perhaps lack of information caused for the remark. However, the U.F.A. picnic, held on July 28th, showed, beyond a shadow of a doubt, that the local U.F.A. is very much alive. "Old Sol" was on duty all day, but a brisk wind made the day almost ideal for sports. The crowd was a little late in coming, but everyone entered into the spirit of the occasion, and apparently enjoyed the day out. There were games for everyone who cared to see how quick they could get there. Golf, hockey, tennis, and the like, were played. For the thirty, balloons for the girls, and ice cream for the boys, in fact the wants of the crowd were pretty well taken care of by the well-stocked refreshment stands. Falling leaves, music, and "hot dogs" seemed to be about the most popular pastime. The ball game between Blackie Garseland was a "rattling" good game. Blackie being the victor by one run. The first world set off up town about ten o'clock were witnessed by a very large crowd, after which many people dragged until near morning, to the strains of Jack Pipers eight-piece orchestra.

The hot weather of the past few days has ripened the grain, perhaps in many cases, prematurely, and as this goes to print, many binders are in the field.

Mr. and Mrs. T. H. Kruse motored to Innisfail last week, spending a day with Mr. Al. Hebb and family. They found assistance picking very good.

Last week's news would have carried the following: Henry Pedenman and family, O. Repps, H. C. Gardner and family, Mr. and Mrs. J. J. Jamieson, G. and Frances, G. C. Melendy and family, are all enjoying the cool weather and the beauties and wonders of the mountain country.

The new Federal Constituency of Macleod, in which we joined ourselves after redistribution, is very large, and being in the north-west corner, we are unfavorably located to take care of our political duties. However, the U.F.A. and U.F.W.A. are active to the signs of the times, and are sending a full quota of delegates to the U.F.A. Federal Constituency Convention held at Macleod Monday, August 2. Mr. G. C. Melendy, Mrs. R. A. Bishop, and Mr. F. A. Phillips are going as delegates from the U.F.W.A., and Frank Nash, T. A. Phillips, Alfred Anderson, and L. A. Bishop will look after the interests of the U.F.A. G. C. Melendy goes as provisional director. The delegates all motored through to Macleod on Sunday.

Strathmore Locals

We understand that pupils from Strathmore School did very well in this year's Departmental Examinations, though the percentages are not as yet available, owing to the absence of the Principal and Vice-principal on vacation.

Don't forget today's baseball tournament. Three good games.

Mr. T. Schulte has let the contract for the building of a six-room bungalow in Strathmore's new addition, "Hyde Park" on B. Glenfield, of Calgary. Several other dwellings are being undertaken, projected in this part of Strathmore, which lies between the present town and Tristram Hoadley.

Mrs. R. Jenkins and daughter Huberta, arrived back in Strathmore on Monday after a visit to the Coast.

Timmins, Ont.—According to estimates compiled here, the gold mines of Northern Ontario are now realizing aggregate profits of a million dollars a month. There was a gross income of \$2,650,000 during the month of June. Timmins, Ont.—The sale of the twenty-four families from Great Britain and Europe settled in the West on 157,000 acres of land sold in the first year ending May 31, 1925, is the record of the Canadian Colonization Association.

BASEBALL

One of the best games of the season was seen on the local diamond on Sunday, when the locals met in with a strong Calgary aggregation, including four of the Hustlers. The game ended in a five-four win for the visitors. Teams were: Strathmore—W. Gray c., White 1st b., Showalter 2nd b., Brown 3rd b., Cullen 4th b., Hughes 5th b., Calgary—Elder a.s., Abernethy 1st b., W. C. A. Giroux 2nd b., G. Giroux 3rd b., O'Brien 4th b., Smith c., Lucas c.f., McInnis 1st b., Dover r.f., British 2nd b., K. K. R. C. Napier—Alex Gray. Strathmore — 0 1 2 0 0 0 0 0 1 Calgary — 0 0 1 1 0 0 0 0 5

HARVESTING HAS STARTED

Will Be General Next Week The past week of hot dry weather has ripened the grain up fast, and cutting is starting earlier than anticipated, and probably somewhat earlier than was desirable, for too rapid ripening will probably cut the yield to some extent.

Hay cutting has been in progress now for the past ten days, and small patches of wheat and oats have already been cut. However, it will be a week before wheat cutting is general, and some farmers do not expect to get the blades going for a couple of weeks.

The highest temperature reached locally during the hot spell has been 92.5. There has been no damage from hail or other causes recently, and most farmers anticipate wheat yields of between twenty and thirty bushels to the acre, and some expect to go well above thirty.

Hay cutting has been in progress for the past few weeks, and the present is about the best hay harvest on record.

The labour supply at present is just about equal to the demand, but a lot of help will be required to be imported when harvest starts in earnest. There is a better sale this year for wheat and other harvest requirements than for several years past.

STRATHMORE TO HAVE AUTO CAMP—TOWN COUNCIL WILL ACT

At a meeting of Strathmore Town Council, held on July 27th, a proposition from the Strathmore Board of Trade, consisting of Messrs. A. D. Shrimpton and Thos. E. Wright, expressed the views of the Board of Trade with regard to the desirability of inaugurating a rest room and an auto camp at Strathmore.

It was agreed to ask the C.P.R. for the use of some vacant ground at the west end of Second Street, on which the Council are willing to erect shelters and other conveniences.

It was stated that up to July 25th, \$1,600 had been spent on roadwork, and the travelling of the Street and of Second Street from Third to Second Street, was authorized at a cost of \$400.

The matter of payment to Council for Bulley for work on the road was held over. A letter was received from the Department of Municipal Affairs throwing doubt upon the legality of this payment, and the Council deferred it for further information.

BEISEKER SHOOTING CASE

C. J. Frier, J.P., and postmaster A. Beiseker, is on trial at Calgary today on a charge of shooting at Ed. Hagel, a young painter of Beiseker.

According to the story told by Hagel, who says that he had the same date before the provincial police in Calgary, the young painter believes that the alleged attack arose over correspondence between Hagel and his daughter Hilda, in Calgary.

As a result of this it is alleged that Frier, armed with a revolver, launched a search for Hagel, and ran across him in the street in Beiseker. Frier immediately opened fire, and lost two shots in Hagel's direction, the latter having a hairy retreat and taking shelter in an alley.

A few minutes later Hagel saw Frier in conversation with the village policeman. In an ensuing fight he knocked Frier down and beat him severely before the policeman could intervene.

ORANGE LODGE FORMED AT CARSELAND

On Friday evening a lodge of the Local Order of Orangemen was formed at Carlsland, and the first dance of the brethren. Bro. H. Wool, now was elected Master, and Bro. Harry Groves, Deputy Master. Bro. R. White, organizer for the Grand Lodge of Alberta, was present, also several other Calgary brethren.

MUNICIPAL CONVENTION AND BOARD OF TRADE MEETING

Tomorrow afternoon representatives of Municipal Districts in the Western Bow Valley will convene at Strathmore, where questions of interest to the districts will be discussed. In the evening the delegates will be entertained to luncheon by Strathmore Board of Trade, which will be on the Board of Trade is asked to attend. Supper will be served at 6 p.m.

BOW VALLEY U.F.A. AND U.F.W.A. TO MEET SATURDAY

The Bow Valley U.F.A. and U.F.W.A. will meet on Saturday, August 8th, at 10 a.m. A number of matters of interest will be taken up, among them the decision to the method of nominating candidates for the Provincial and Federal Elections.

When "Eatin' Out"

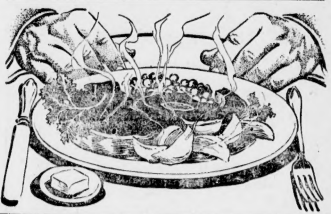

One hopes to strike a place where the food is as deliciously prepared and tastes as near "like home" as possible. That's the big reason why visitors will be elated with every meal they order at

Dated at Calgary, Alberta, this 1st day of August, 1925.

day of August, 1925.

H. M. THORBERN,

26-4

Applicant

The death of Wm. Jennings Bryan rolls the U.S.A. one of her most notable sons. Although his native land did not crown him with the greatest honor, his name will long adorn the annals of the great republic. His frank and fearless nature often brought on him the animosity of those who believe that true diplomacy consists of lies, but his sturdy Americanism wrong admiration even from his most bitter opponents. In the lands beyond the sea his name was not unknown, and on his last visit to the city of Edinburgh, he was greeted with a degree of affection seldom displayed by the unconstructive standard. And, although he has gone to that vale from whence there is no return, his memory will be cherished by all.

Rockyford

A piano recital by the pupils of Rev. Fr. A. Boit will be given on Sunday afternoon, August 20, at 3 p.m. in Rockyford Town Hall. Programmes and particulars will be published later.

The Union Church Board meeting for the current year will be held at Taylor Hall on Friday of this week at 8 p.m. A full attendance is requested.

Rev. Dr. Huettis was at Rockyford last Sunday, and passed very complimentary remarks as to the church property. Rockyford is to be congratulated on the position of its churches.

If the weather is hot next Sunday the Union Church services will be held in the basement, and a rapid levitation is expected.

Mrs. J. W. Curran has returned from an extended visit to Eastern Canada and the States.

The regular meeting of Grasswood M. D. was held on Saturday. There was a full attendance. The tax rate was struck and various other important business transacted. A full report from the secretary will appear in next issue.

The picture "Tiger Rose" was to have been given at Rockyford Hall on Saturday, but "Babbitt" was given instead. The error was on the part of the Royal Film Co., but "Tiger Rose" will be shown shortly.

Harvest has commenced in the district. Everybody will be well away by the end of the week.

Mr. J. W. Watson has taken over the position of manager of the Parlo & Heimbach Elevator at Rockyford.

A Great Outing

The boys and men who were at Camp Nisus, Jumping Pound, for the Boys' Camp, from July 13th to 22nd, report a superlatively good time. Fifty-three boys and four men were in attendance, members of the C.S.E.T. groups from the following places: Glenora, Gleichen, Carleton Place, Napanee, Strathmore, Chads and Calgary. The well-known system of self-government, which is sought in all C.S.E.T. work, was always in evidence. Four tribes, after the fashion of Indian naming, were divided up—Cariboo, Crescent, Buffalo and Hawk. Each of these tribes elected a chief, and chose a man who should be the leader. He was called a Big Chief. Each day had its definite programme outlined first by the Grand Council, consisting of the Chiefs, Big Chiefs, Officer of the Day, and Scouts Director, and then adopted by the assembled tribes. Programme consisted of regular times for rifle and musk (and there never were such camp meals), devotional studies, group games, swimming, campcraft, hiking, team games, and in the evening song, stunts, challenges, and full dress productions about the great Council Ring Fire. A fine system of credit-awards for punctuality, participation in sports, and proficiency each day added zest to the spirited rivalry of the tribes.

On Monday morning, July 20th, at 5 a.m., began the route march into the mountains via Alkali Park. The twenty-mile hike was made in fine order, and a most enjoyable four-day camp made in the wonderful Kootenai Valley at about Stoner City. Nearly all the fellows climbed peaks of Mount McDonald and four led by Big Chief Commercial (Wallace Power) ascended the highest peak, 2,500 feet above sea-level.

We shall never forget the fine comradeship of it all, the new vision of the Creator, the new appreciation of the way in which we may fill the measure full of service, the call of Him who has a boy "increased in wisdom and stature and favor with God and man."

Montreal, Que.—Grain shipments for the balance of this month are expected to show improvement with 15 tramp steamers already chartered. Deliveries to ships to date this year show a marked increase over those of last year, with a total of 52,745,654 bushels for the present season.

Rosebud News

The government certainly is trying to help us in our difficulties by forcing us here to eradicate the wire worm, cut worm, and grasshopper. Last week G. A. Malt, assistant in wire worm control, H. L. Schuman, Dominion Entomologist in charge, and J. B. Reed, insect pest investigator of the Dominion Research Council of the Entomological Laboratory, of Lethbridge, Alta., spent several days in this neighbourhood. The cutworm crystals were found in an abundance in several fields, in some fields they claimed that three-fourths of the crystals contained only dead germs, but they also found the other fourth, if developed, could cause a lot of damage to the next year's crop. These men will return about a month to watch further developments.

Last week seemed to be "fishermen week", as Mr. and Mrs. Brunner and son, Dale, Dr. Sargant, of Pittsburg, Tenn., Hal Barr and Harry Woods spent Thursday and Friday near Rosebud in the act of catching fish and they returned with more than fish stories, and the next day several from the Flynn house and Dale Brunner also spent their time in the manner, so while we scribble heads had the pleasure of such a trip she has received her reward in the form of a "whole of a fish."

Several of the boys returned from Sylvan Lake on Thursday evening, but the boy that thought he had lost a summer, the little son that was so often told to run along and play, and the boy that carried the pocket sword, didn't return until Monday morning. All report a lovely time. One evening they were entertained by Mr. Hendon, formerly of Redland, but not a day a flourishing business in the way of a moving picture theatre in Rosebud, and the boys say "The Ten Commandments", and left the show a warm spot in their hearts.

Mr. Hendon for such an opportunity to see such a fine picture, through kindness.

Mr. and Mrs. Dave Cyres were visiting in Redland over the week-end. Also Clarence Cyres has been visiting in this neighbourhood.

Mr. and Mrs. Abe Gross and Miss Gross were in Rosebud last week to be gone for a week or ten days.

The Brunner family were Sunday visitors in the Gro. Gow home.

Harvest is here, as several are starting to cut this week.

Mr. and Mrs. A. Bestul and children are visiting in neighbourhood.

The McCallum home is progressing nicely, and is going to be a very little cottage.

Mr. Wright, the new manager of the Cooperative, arrived Monday morning.

Ottawa, Ont.—Motor vehicles registered in Canada in the past year numbered 650,221, according to the annual report of the Commissioner of Highways, Ontario, with 200,441 registrations, led all other provinces. Quebec was next with 83,145, followed by Saskatchewan with 74,784; British Columbia, 48,626; Alberta, 38,547; Manitoba, 14,262; Nova Scotia, 20,761; New Brunswick, 20,062; Prince Edward Island, 2,560; and the Yukon, 105.

KILL MOTHS

is your battery calling for help?

WOULDN'T you be surprised if it actually did?
But not a battery just goes on and on till one day it quits—dead! Much like a human being, its span of life depends in a great measure on proper nourishment as well as good treatment.
Let us examine your battery regularly this season. For the trifling charge involved, you'll have the satisfaction of knowing that your battery is in the best condition possible.

Craigantler News

A large party from the Yule and Craigantler districts visited Bassano dam on Sunday last.

The weather of last week and has figured the crops up a little too fast, and the yield will be cut down.

Mr. and Mrs. J. E. Dally and family, of Calgary, were week-end visitors with Mr. and Mrs. J. A. Grant.

Craigantler Stampede is aid of the piano fund, will under the direction of St. Sheno, be a lively affair. The date will be announced later.

Mrs. F. Mull arrived home from Gleichen hospital on Saturday last both Mrs. Mull and baby are doing fine.

N. Christensen and Miss Christensen were on a holiday at Banff last week.

J. B. Johannsen went to Calgary last week for a truck load of Rod Weathers. John is a man of all trades, and especially a Ford mechanic. In the past he has run his old Lizzie without gas, without oil, and without water. And all repairs made with baling wire, but there is some talk of John trading the old Lizzie in for an Essex.
